Deputy Commrs Office
Shimoga District
Shimoga 4th June 1881

To

The Secretary to the Dewan
of Mysore. Revenue Departt

Sir

With reference to the correspondence ending with the Chief Commrs Notification No 242 dated 29th January 1879, sanctioning the establishment of a toll gate on the Kollur Ghat, near the old Sayar Katte on land belonging to the Mysore state, I have the honor to state that the gate was abolished after 12 days existence by order of Colonel Hill, the acting Commissioner of Nagar, owing to the correspondence copy of which is enclosed, and that it has not been yet re-established.

From Collector South Canara No 284 of 13th Feby 1879. To Nagar Commrs No 740 of 6th March 1879 —

2. The reason why the collection of the toll for the Mysore Government on this Ghat road should not take place in the same manner that it takes place for the Madras Government does not however clearly appear from the above correspondence.

3. Even if there can be any objection on the part of the Kanara authorities to a toll gate being placed at the old Sayer Katte beyond Nagodi, I cannot

concieve

converse of any to there being one established at Lakshampur.

4. The absence of a toll gate on this road leads to the diversion of a great deal of traffic from Sardargaar to the Kollur ghat and this causes an indirect loss to the Mysore Government besides a more direct loss of the revenue legitimately due from the traffic on the road, for the benefits derived from this and the other equally costly malnad roads converging to it in the neighbourhood.

5. Although a toll gate at Lakshampur would not be as convenient as one at the head of the ghat near the old Sayan Katte still the difficult nature of the country while absolutely forbidding the wheeled traffic to avoid the gate, would hardly permit bullock traffic to avoid it to any great extent especially as the by-paths near it across the stream may well be closed and watched.

6. I consider that a good revenue may be expected from this gate as the gate at the head of the ghat which existed for 12 days realized Rs 153-14-2 as shewn in the

the margin against Rs 828-2-9 realized at the Hardanghar ghat for the whole month of March 1879. Besides a gate at Lakshampur would afford marked facilities for checking the smuggling of arrack, Supari and Sandalwood which doubtless prevails to a considerable extent here.

7. I would therefore recommend that sanction may be accorded to open a gate at Lakshampur as an experimental measure to be managed under Imam for a year with the establishment sanctioned in the Chief Commissioner's Proceedings No $\frac{5874}{47}$ dated 30th October 1878.

I have the honor to be

Your most Obed? Serv?

Sir

I have the honor to acknowledge the receipt of your letter No 284 of the 13th Ultimo making inquiries concerning the arrangements which have been made for the establishment of a new toll on the road from Kollur to Barkatti in the Komar Magani and in reply to inform you that the object was to establish a toll at the head of the Kollur ghât in Mysore territory which the Chief Commissioner considers himself entitled to do on the same principle as tolls are levied in South Canara at the foot of the Hydergher, Agumbi, Bund and Manjarabad ghâts which have been made and are maintained wholly at the expense of the Mysore Government.

Mr. Gordon is however averse to taking this step and would rather see a satisfactory arrangement come to with the Madras Government in respect of all the ghât tolls, so that he having been referred to by me has authorized me to stay further proceedings and not to commence collections on the Kollur ghât from 1st April as was intended.

Waiting your reply I

Sir,

On coming here the other day for Jamabandi, I noticed preparations for constructing what appeared to be a toll gate and shed (the latter almost completed) near the 22d mile stone on the road from Kollur to Benkatti - The ryots of this magani are apprehensive that a Sair or customs claim is about to be established by the Mysore authorities at the spot referred to but I have not been able to obtain any definite information on the subject - As the gate in question though in Mysore territory, is situated on the high road which connects this outlying Magani with the main district of South Canara, and as a point between the two, I have the honor to request the favor of your informing me at your early convenience of the purpose for which it is intended

SECTION Land Revenue
FILE NO. 2 & 1880
SERIAL NO. 2

No 2997-8/101 of 8 July/81 Order thereon:-

The objections raised to the establishment of a toll gate at the head of the Kollur Ghat, as intercepting the communication between the Honnar Magane of the Canara Distt and the Canara country below the Ghauts, do not apply to the establishment of the Toll gate at Lakshmipur. The opening of a toll gate at the latter station is therefore sanctioned and its working should in due course be reported.

Sir,

With reference to your docket No 7449/324 dated 1st instant I have the honor to state that the right to collect toll at the Lakshmipur toll gate during 1883-84 was only put up to auction and has in anticipation of sanction been knocked down to one Karigowda the highest bidder for Rs 670. The Amani realization from 1st April 1882 to 12th March/83 amounted to Rs. 812-8-4 but deducting from it the sum of Rs. 324 which is the annual

annual cost of the establishment, it will be seen that the receipt of the sale is profitable. The temporary establishment will be abolished from the 1st Proximo.
